

# HARRIS COUNTY, GEORGIA

## Request for Proposal Computer Aided Dispatch System

### ADDENDUM #1

The following changes, clarifications, and/or additions are made to the Request for Proposal for Harris County's Computer Aided Dispatch System.

**1. The deadline for submitting a proposal has been extended.**

The deadline for submitting a proposal is now 3pm on August 18, 2017.

**2. The date for oral presentations has changed.**

The date for oral presentations (if required) is now August 28, 2017. If the County elects to do this, the selected vendors will be notified.

**3. Is AVL/RMS needed for additional municipalities?**

Please provide a cost per unit.

**4. Should responders include the backup at Pine Mountain?**

Please provide this as an option.

**5. How important is SSI interface?**

While the County has expressed interest in this, it is not a requirement of the RFP.

**6. A Four (4) month implementation timeline based on over thirty (30) years of CAD deployment experience carries a great deal of risk for an acceptable project completion. Experience tells us this would be a six (6) to nine (9) month process to achieve the results expected by Harris County, Tusa, Motorola and Spillman. We respectfully request that this timeline be reconsidered.**

The County understands the concerns and proposers are encouraged to submit a realistic schedule, however preference will be given to those that are able to implement this by the end of the year due to the current CAD system's end of life.

**7. The due date of August 11th does not allow enough time to provide a complete quality response to this RFP request based on the items that are requested. We respectfully request a Thirty (30) day extension to the RFP due date.**

The deadline has been extended to 3pm on August 18, 2017.

Computer Aided Dispatch System

## **8. This addendum must be acknowledged.**

All proposers must submit written acknowledgement with their proposal that they acknowledge Addendum #1. This includes acknowledging the receipt of any future addendums as well.
